

EcoMentors Program Evaluation

How did you first hear about the EcoMentors Program?

What are some other ways that we can involve interested people?

Could we add anything to the EcoMentors Training Session so that you're more prepared for your first workshop with a host group? Is there anything we could take out?

What did you think of the communication between yourself and the EcoMentors Program staff? What might we do better?

Can the EcoMentors Program give you more support in helping to find a Host Group Contact? If so, how?

We hope that our reward package inspires participants to continue on their path of exploring and protecting our planet. What are other items we can include?

How can we improve the lesson plans so that they are more user-friendly?

What are the best and worst parts of the website?

General Comments – things to add, remove from our programming.
